BATHROOMS

Freestanding Acrylic Baths

Please keep these instructions for future reference and request of replacement parts

Contents

When you buy a Heritage product, you can be confident that it not only features a beautiful, distinctive, classic design, but that it has also been made to the very highest quality standards.

To ensure that it works to its full potential, it needs to be fitted correctly.

These fitting instructions have been created to give you all of the information you need and, if you need any further help, please do not hesitate to give us a call on **0844 701 8503**.

Important Safety Information

Installation

Maintenance

Guarantee

Safety Note

- Please read these instructions & retain for future use. All products manufactured & supplied by Heritage are safe provided they are installed correctly, used correctly and receive regular maintenance in accordance with these instructions.
- **If you are in any doubt about your ability to install this product safely you must employ the services of an experienced qualified plumber.**

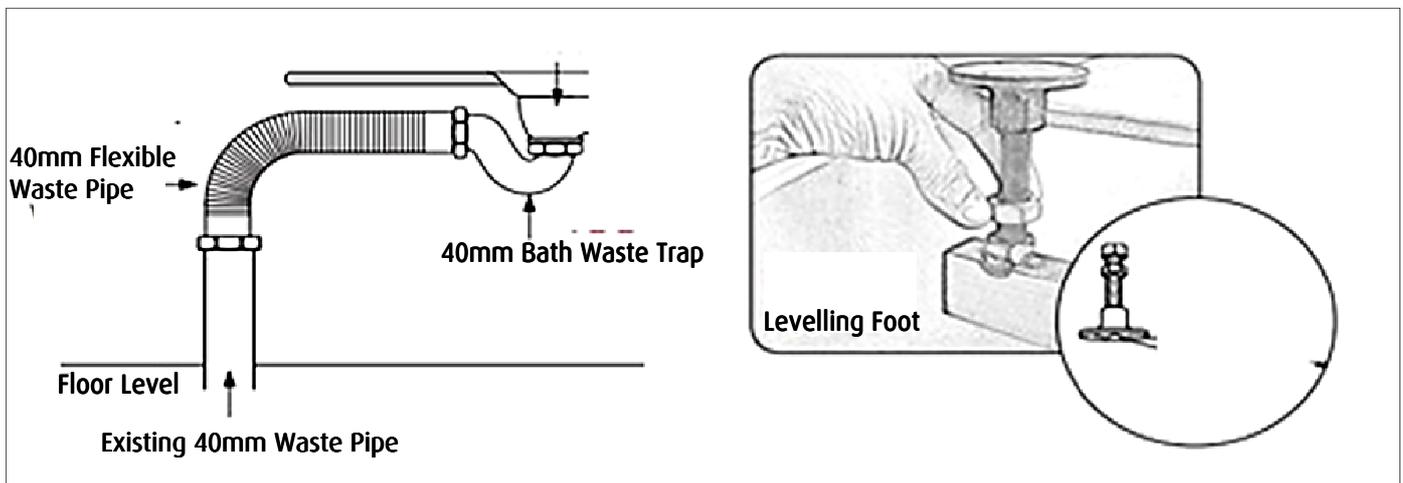

Before starting any installation project please consider the following:

- Prior to drilling into walls, check there are no hidden electrical wires or cables or water supply pipes with the aid of an electrical detector.
- If you use power tools do not forget:
 - Wear eye protection.
 - Unplug equipment after use.
- This product must not be modified in any way as this will invalidate the guarantee.
- These fittings need to be installed in accordance with and meet the requirements of the Water Supply (Water Fittings) Regulations 1999 and Scottish Byelaws 2004.

Installation

Fitting instructions for freestanding baths with integral overflow.

1. Connect 40mm bath waste trap to integrated waste and overflow.
2. Connect 40mm flexible waste connector.
3. Place bath above desired position on blocks so that the final waste connection can be made.
4. If you only have waste outlet access above floor level, drill a 70mm diameter hole in the outer skin of the bath for access.
5. Make the final waste connection and check for any leaks.
6. Lower the bath into position and adjust the levelling feet for stability.

NOTE: Freestanding baths must be positioned with a minimum of a 50mm gap between the bath & the wall surface, this is to allow movement of the bath whilst entering and exiting the bath.

Maintenance

Caring for your Bath.

1. It is recommended each time you use the bath to cover the base with cold water before turning on the hot tap.
2. For everyday cleaning we recommend using a damp cloth and warm soapy water.
3. You should never use abrasive cleaners on your bath, they will scratch the surface.
4. If you do scratch the bath use a small amount of T-Cut, this will help restore your bath to a lustre finish.
5. Replace worn washers on dripping taps to prevent surface marking.
6. **WARNING:** Solvents such as paint stripper and nail varnish will damage your bath

NOTES.

Heritage Bathrooms Guarantee

Register now for additional peace of mind

Register your product with us now and, if you do have any queries after installation, we'll be able to quickly identify the product and give you the best advice. It also means that you won't have to keep your proof of purchase to validate your guarantee. To register, simply go online at www.heritagebathrooms.com

Guarantee Terms and Conditions

This guarantee is in addition to your statutory and other legal rights and is subject to the following conditions:

- The product was purchased within the United Kingdom or Republic of Ireland
- The product is used in domestic applications only
- The guarantee applies solely to the original purchaser with proof of purchase
- The installation must allow ready access to all products for the purpose of inspection, maintenance or replacement
- Repair under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date

Any part found to be defective during the guarantee period will be replaced without charge, providing that the product has been installed in accordance with the instructions given in this guide and used as the manufacturer intended. If the product is no longer available, Heritage will endeavour to provide the nearest equivalent.

The guarantee does not cover:

- Damage or defects caused by
 - General wear and tear (including special non-chrome finishes; components such as filters, seals, 'O' rings and washers)
 - Incorrect installation
 - Repair using non-Heritage parts
 - Accidental or wilful misuse
 - Corrosion and the use of inappropriate cleaning products.
 - System debris including the build-up of limescale (which can be controlled through regular servicing and maintenance)
- Compensation for loss of use of the product or consequential loss of any kind.

In the interests of continuous product improvement, Heritage reserves the right to alter product specifications without notice.

Need help?

In the unlikely event that you encounter a problem with your Heritage product, you must, in the first instance, contact the retailer you purchased it from. They will advise as to whether it is due to a manufacturing fault or an installation fault. If the problem is due to a manufacturing fault, they will contact us to arrange a supply of a replacement product as soon as possible. To speak to a Heritage customer service advisor, please contact our technical helpline on **0844 701 8503**.
