Heritage Guarantee	06-07

Safety Note

- Please read these instructions & retain for future use. All products manufactured & supplied by Heritage are safe, provided they are installed correctly, used correctly, and receive regular maintenance in accordance with these instructions.
- **If you are in any doubt about your ability to install this product safely you must employ the services of an experienced, qualified plumber.**
- This product must not be modified in any way as this will invalidate the guarantee.
- These fittings need to be installed in accordance with and meet the requirements of the Water Supply (Water Fittings) Regulations 1999 and Scottish Byelaws 2004.

Specification

Designed to comply with BS EN 274-1:2002 Waste fittings for sanitary appliances.

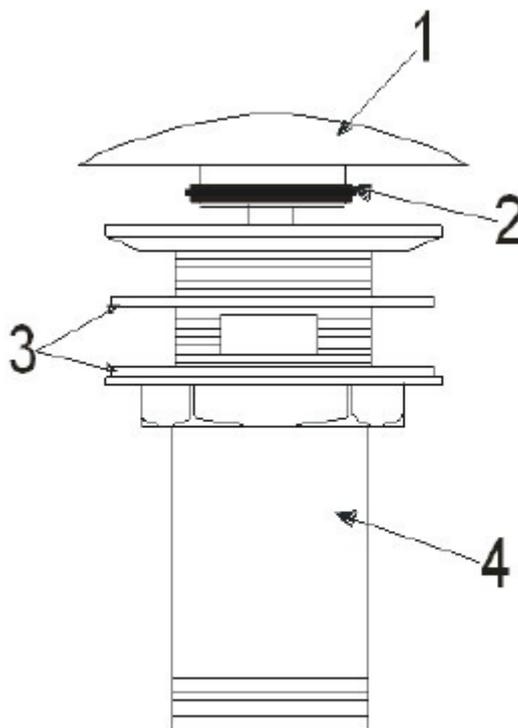

Installation (Clicker Waste Slotted Version)

1. Identify all components are present prior to installation.
2. Unscrew the backnut (4) & remove one of the white rubber washers (3). Fit the waste above the basin with the first white washer. Locate the bottom waste.
3. Secure waste with backnut (4) & the second white washer. Use a pure silicone sealant where necessary.
4. In order to fill the basin, the 'Clicker' mechanism (1) of the waste needs to be pressed down. To release the water, press the button again.
5. Check all joints & connections for leaks.
6. See page 6 for aftercare instructions

THC12 – Slotted Components:

1. Clicker Mechanism
2. Rubber Seal Washer
3. White Rubber Washer x 2
4. Backnut

**Please Note: The backnut
Comprises of the complete
Bottom unit**

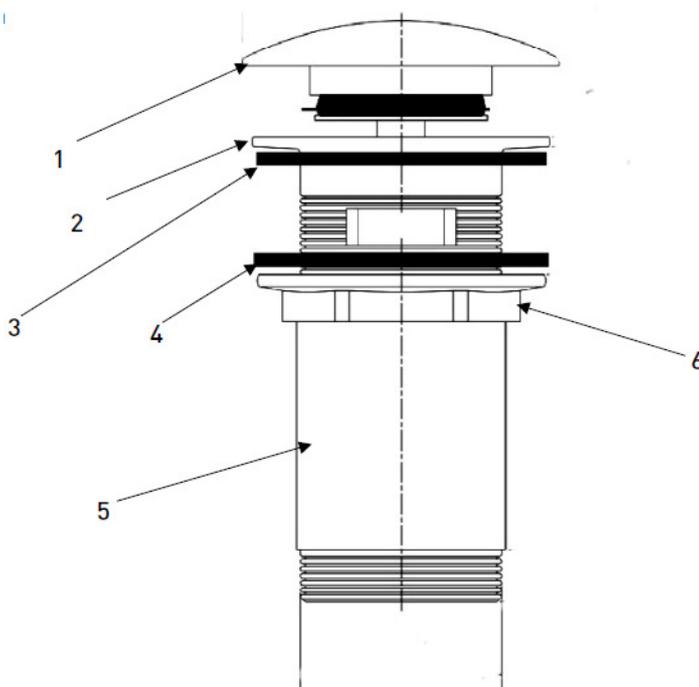

Installation (Clicker Waste Un-slotted Version)

1. Identify all components are present prior to installation.
2. Unscrew the clicker mechanism (1) from the flange (2) & the flange (2) from the waste body (5).
3. Fit the rubber washer (4) onto the waste body (5) & put under the basin. Fit the foam washer (3) to the flange (2) & screw through the basin into the waste body. It is recommended that a silicon sealant be applied to all sealing faces of washers (3 & (4).
4. Screw the clicker mechanism (1) back into the flange (DO NOT OVERTIGHTEN).
5. Check all joints & connections for leaks
6. See page 6 for aftercare instructions.

THC12UN – Unslotted Components:

1. Clicker Mechanism
2. Flange
3. Foam Washer
4. Rubber Washer
5. Waste Body
6. Backnut

Cleaning & Maintenance

Your fitting has a high quality finish and should be treated with care to preserve the visible surfaces.

All finishes will wear if not cleaned correctly. The only safe way to clean your product is to wipe with a soft damp cloth. Stains can be removed using washing up liquid. All bathroom cleaning product (powders and liquids) will damage the surface of your fitting, even the non-scratch cleaners.

NOTE:- Never use abrasive detergents or disinfectants or those containing alcohol, hydrochloric or phosphoric acid.

Guarantee Terms and Conditions

This guarantee is in addition to your statutory and other legal rights and is subject to the following conditions:

- The product was purchased within the United Kingdom or Republic of Ireland
- The product is used in domestic applications only

Heritage Bathrooms Guarantee Cont.

- The guarantee applies solely to the original purchaser with proof of purchase
- The installation must allow ready access to all products for the purpose of inspection, maintenance or replacement
- Repair under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date

Any part found to be defective during the guarantee period will be replaced without charge, providing that the product has been installed in accordance with the instructions given in this guide and used as the manufacturer intended. If the product is no longer available, Heritage will endeavour to provide the nearest equivalent.

The guarantee does not cover:

- Damage or defects caused by
 - General wear and tear (including special non-chrome finishes; components such as filters, seals, 'O' rings and washers)
 - Incorrect installation
 - Repair using non-Heritage parts
 - Accidental or wilful misuse
 - Corrosion and the use of inappropriate cleaning products.
 - System debris including the build-up of limescale (which can be controlled through regular servicing and maintenance)
- Compensation for loss of use of the product or consequential loss of any kind.

In the interests of continuous product improvement, Heritage reserves the right to alter product specifications without notice.

Need help?

In the unlikely event that you encounter a problem with your Heritage product, you must, in the first instance, contact the retailer you purchased it from. They will advise as to whether it is due to a manufacturing fault or an installation fault. If the problem is due to a manufacturing fault, they will contact us to arrange a supply of a replacement product as soon as possible. To speak to a Heritage customer service advisor, please contact our technical helpline on **0844 701 8503**.
