## Bath Filler with Pop-Up Waste & Overflow

### Installation Instructions & User Guide

**IMPORTANT: Please keep these instructions for future reference and request of replacement parts**

## Introduction

Thank you for choosing Bristan, the UK's leading taps and showers expert. We have designed this product with your enjoyment in mind. To ensure that it works to its full potential, it needs to be fitted correctly. These fitting instructions have been created to give you all of the information you need and, if you need any further help, please do not hesitate to give us a call on 0844 701 6273.

## Installation

1. Identify all components are present prior to installation.
2. Fit the waste body (8) and flange (6) to the bath securing using screw (4) and washer (5); ensure sealing washer (7) is placed through the bath before this is done as shown on diagram. Use a pure Silicon sealant where necessary.
3. Fit the overflow/filler elbow (15) to the bath ensuring overflow washer (16) is in place, assemble plastic 'C' plate (17) with filler outlet (19). Plastic spacer (18) is optional depending on thickness of bath. Secure to bath using o-ring (20), washer (21) and retaining nut (22). Use a pure Silicon sealant where necessary.
4. Connect flexible tube (13) to the waste body (8) using the plastic nut (12) and washers (9, 10 and 11) fitted in the correct order as shown.
5. Connect the overflow elbow (15) to the flexible tube (13) ensuring o-ring (14) are fitted.
6. Fit the handle (23) to the control spindle by pushing on firmly.
7. Connect water supplies to inlets. The elbows are 3/4" BSP. Two flexible connectors (24) are supplied that can be used to connect the elbows to 22mm pipe work, depending on the installation. A blanking plug is also supplied to close off one inlet if mixed water is to be connected to the overflow filler.
8. Check all joints and connections for leaks.

### Components.

- 1.Plug
- 2.Adjusting nut
- 3.Adjusting screw
- 4.Flange screw
- 5.Space washer
- 6.Waste flange
- 7.Flange/body sealing washr
- 8.Waste body
- 9.O-ring
- 10.Conical washer
- 11.Nylon washer
- 12.Plastic nut
- 13.Flexible tube
- 14.O-ring
- 15.Overflow./filler elbow
- 16.Overflow washer
- 17.Plastic 'C' plate
- 18.Plastic spacer
- 19.Filler outer
- 20.O-ring
- 21.Washer
- 22.Filler retaining nut
- 23.Handle
- 24.Flexible connector

**Guarantee**

This guarantee applies to products purchased within the United Kingdom or Republic of Ireland, but does not apply to products used commercially.

The guarantee is only available to original purchasers who have proof of purchase.

The installation must allow ready access to all products for the purpose of inspection, maintenance or replacement.

Any part found to be defective during the above guarantee period will be replaced without charge, providing that the product has been installed in accordance with the instructions, used as intended, and regularly serviced.

Servicing should be carried out at regular intervals of no more than 12 months and more frequently in hard water areas (heavy lime scale) areas.

In the unlikely event that any problems are encountered with the product's performance on installation, you must obtain guidance/authorisation from our Customer Service Department, and be able to supply proof and date of purchase, before any remedial action is taken.

The guarantee excludes general wear and tear and damage caused by accident, misuse or neglect, and does not cover the following:

Components that are subject to general wear and tear such as filters, seals, 'O' rings and washers etc.

- Damage caused by faulty installation
- Damage caused by lime scale or any waterborne debris
- Damage caused by inappropriate cleaning products (see user instructions)
- Damage caused by the use of non-Bristan parts
- The product being used for a purpose other than intended by the manufacturer.

In the interests of continuous product improvement Bristan reserves the right to alter specification as necessary.
