

Glass Shelf Installation Instructions

This installation guide continued from the installation of the basic washstand. If you need to install the washstand then please refer to the instructions that came with the washstand. Please follow the Washstand instructions for safety information.

Check Contents

1	Glass Shelf	*1
2	Shelf Rests (all-on-one)	*2
3	Shelf Wall Brackets	*2
4	Hexagonal Key	*1

2

Insert the shelf rests into the holes at the back of the two legs.

3

Carefully rest the glass shelf on the shelf rests and using a spirit level to level the glass shelf up horizontally at the back, and also from back to front, mark the wall from the top and bottom of the shelf around 65mm inwards from the sides of the glass shelf.

4

Find the centre of the markings and drill suitable holes for the fixings to be used. Secure the brackets in the wall.

5

Fit the Glass Shelf in the rear brackets and resting on the front dowels and tighten up the brackets at the rear using the supplied Hexagonal Key. **DO NOT OVERTIGHTEN.**

Guarantee/Aftercare - This product is covered under the aftercare/guarantee sections shown in the Washstand Installation Guide.
