Hinge with brake,
diameter 16. Install on the
right - hand side.

1° FASE - 1st. STAGE

Posizionare in modo corretto i freni sugli appositi fori presenti sul copriwater.

Il Freno (Part.A) a Sinistra ed Il Freno (Part.B) a Destra.

Place correctly the brakes on the proper holes in the seat cover.
The hinge (Part.A) on the left, and the hinge (Part.B) on the right.

Introdurre con forza i supporti negli appositi Fori.

E' importante tenere unito il coperchio alla Ciambella.

Fare molta attenzione che i freni entrino completamente nei fori.

Insert forcibly the supports into the correct holes.

Important: keep the two parts of the seat cover (lid + ring).

Be careful that the brakes enter the holes completely.

3° FASE - 3rd stage

ATTENZIONE / WARNING

E' importantissimo che il grano su entrambe le cerniere si trovi nella parte opposta.

Copriwater Assemblato
