Slider 1100 - C6S

Slider 1200 - C7S

### Before Installation:

- Check the contents of the pack carefully before installation.
- The tray **MUST** be installed level and fully sealed to the tiles.
- Handle with care. Impacts can damage both the glass and the frame.
- Check for any hidden pipes or cables before drilling holes in the wall.
- The enclosure is reversible: " door can be either left or right opening. "

In the remainder of this manual the illustrations will only show the right hand installation of the slider door.

The parts marked "LH" or "RH" would be only suitable for the relative shower enclosure.

- The wall fixings supplied may not be suitable for your installation. You may need to source alternatives depending on the construction of the wall you are fixing to.
- Follow each step in turn.

### Care and Cleaning:

- Do not use solvents or abrasive material or chemicals to clean the enclosure.
- Only clean using soapy water and a soft cloth, rinse thoroughly afterwards.

Once you have checked that the door opens and closes correctly fix the door to the wall channels.

Only if adjustment is required.

Problem	Resolution

7

Make sure the door is closed well and there are no gaps. As indicated in the diagram between the clasps of the mechanism place the catch over the glass, and tighten to glass.
