Mono Basin Tap

Fitting Instructions

We recommend that this product is installed by a qualified tradesperson and we accept no liability for products fitted incorrectly, and where the correct testing procedures have not been used, resulting in the escape of water.

Installation Guide

Before you begin:

Unpack the product then read these instructions before proceeding. Inspect the product for damage. If any damage is found, contact our Customer Relations team.

Installation:

1. the tap and hoses through the mounting hole of basin.
2. Screw the lock nut onto the connecting sleeve and tighten it.
3. Connect the hoses to cold and hot supply.
4. Open the valve and check the connection to make sure there is no leaks.
