

Decorative Basin Stand Installation Instructions

Before you Begin:

- This instruction shows how to fit the basin stand. Ensure the basin stand is the correct fit in conjunction with your chosen basin.
- We recommend that Decorative Basin Stand is fastened to a load bearing wall.** Check the type of wall you are fixing into and use suitable fixings.
- We recommend that this product is installed by a qualified tradesperson,** Victorian Plumbing Ltd. accept no liability for products incorrectly installed, or where the correct testing procedures have not been adhered to, thus resulting in consequential damage.
- Observe all local plumbing and building codes & regulations.
- Unpack the product then read these instructions before proceeding. Inspect the product for damage. If any damage is found, contact our Customer Relations team.

1 Fitting List:

Make sure that all components are present prior to installation.

Note: Diagrams are for illustration purposes only. Your Basin Stand may superficially differ from this drawing however the installation guide steps still apply.

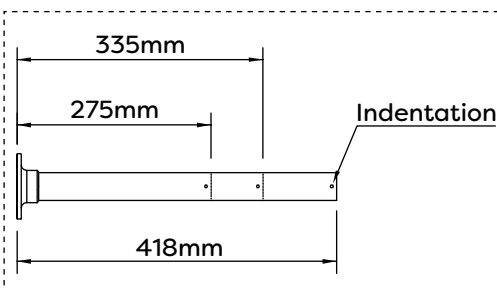

Tools Required (Not Included):

Ensure the appropriate PPE is used

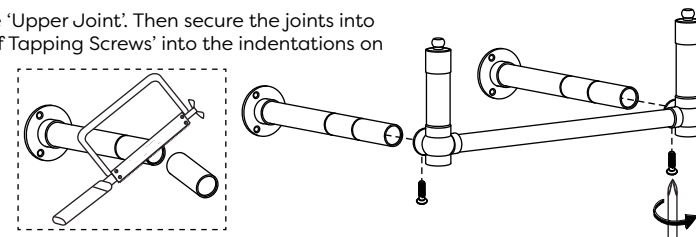

Cutting Reference:

2

Connect the 'Side Pipes' to the 'Upper Joint'. Then secure the joints into place by screwing the two 'Self Tapping Screws' into the indentations on the side pipes.

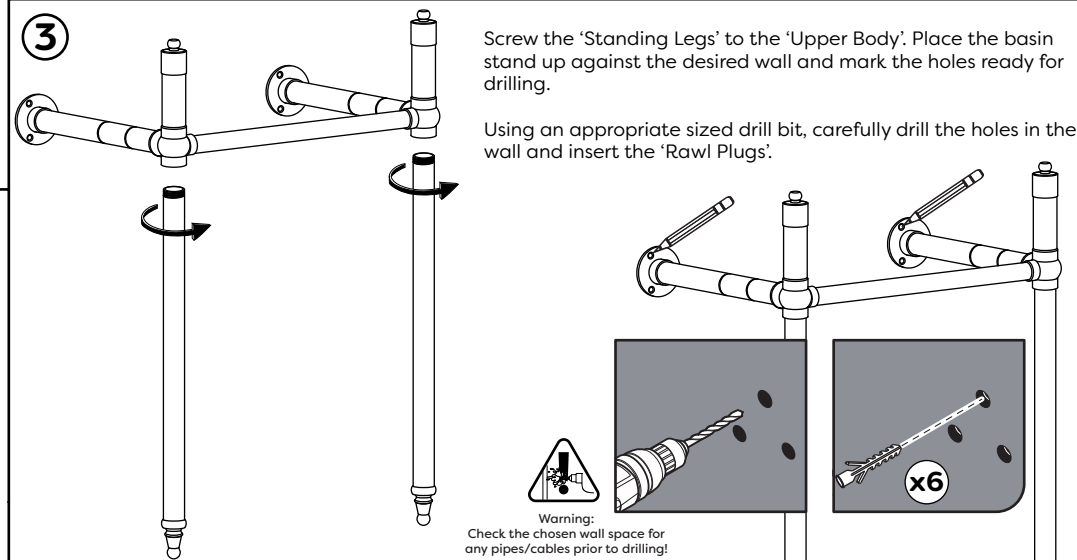

Note: The side pipes may need to be cut to fit your basin. Refer to the cutting reference and measure the length required to cut. Using a handsaw, carefully cut the pipes.

3

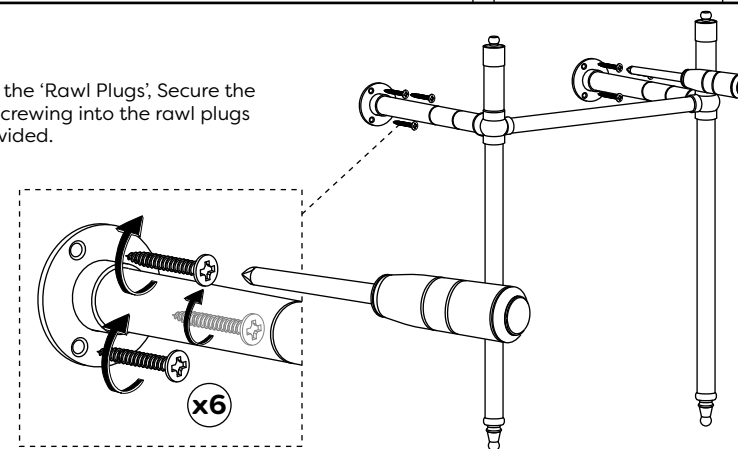

Screw the 'Standing Legs' to the 'Upper Body'. Place the basin stand up against the desired wall and mark the holes ready for drilling.

Using an appropriate sized drill bit, carefully drill the holes in the wall and insert the 'Rawl Plugs'.

4

Place the basin stand over the 'Rawl Plugs'. Secure the basin stand into place by screwing into the rawl plugs using the 'Wall Screws' provided.

Recycling and Disposal:

- Please recycle the packaging in accordance with your local government regulations on waste handling and follow the same advice at the end of the products life.

Cleaning and Aftercare:

- Warning:** Do not use abrasives, scourers, bleach or any type of chemical cleaning solution when cleaning the Decorative Basin Stand. It is recommended to use warm soapy water and a clean damp cloth.
