

Wall Hung Shelf

Fitting Instructions

Please follow them carefully and leave this manual with end user

Fitting List:

Rawl plugs (x2)

Wall screws (x2)

Tools Required (Not Included):

Ensure the appropriate PPE is used during installation

Recycling and Disposal:

Please recycle the packaging in accordance with your local government regulations on waste handling and follow the same advice at the end of the products life.

Cleaning & Aftercare:

Warning: Do not use abrasives, scourers bleach or any type of chemical cleaning solution when cleaning the hook hanger. It is recommended to use warm soapy water and a clean damp cloth.

Before you begin:

- 1. Check the chosen wall space for any pipes/cables prior to drilling
- 2. Unpack the product then read these instructions before proceeding. Inspect the product for damage. If any damage is found, contact our Customer Relations team.
- 3. Make sure that all components are present prior to installation.

Installation:

Step 1:

- Place the Shelf at the desired height, then make a mark across the top the shelf to the wall.
- At the back of the shelf, measure the distance between the two fixing points.
 Apply the measurements to the wall below the original marking. Ensure all the markings are level using a spirit level.

Step 2:

 Using an appropriate sized drill bit, carefully drill the holes in the wall then insert the rawl plugs.

Step 3:

- Using the screws provided, screw into the rawl plugs leaving at least a 5mm protrusion of the screw head.
- Carefully insert the shelf onto the screw heads. Ensure that the shelf is fully slotted into place.
- Ensure the shelf is level using a spirit level.

Diagrams are for illustration purposes only. Your Wall Hung Mirror may superficially differ from this drawing however the installation guide steps still apply.
