

LQ375 INSTALLATION INSTRUCTION

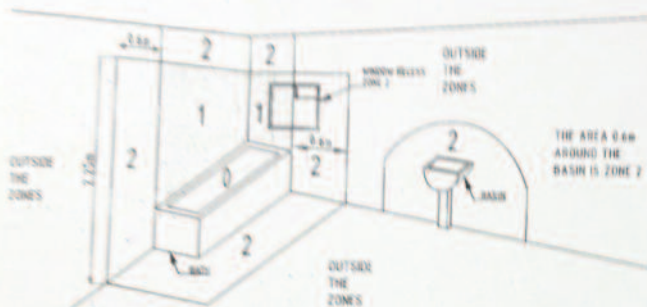

INSTALLING ELECTRICAL PRODUCTS IN BATHROOMS

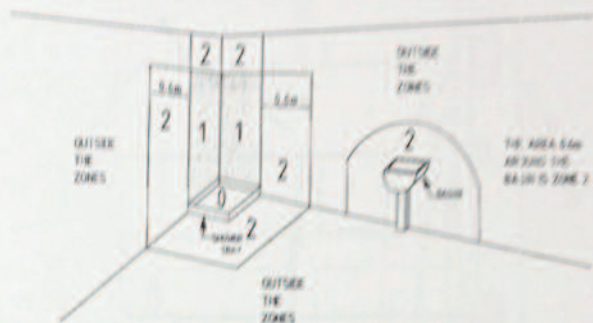

This product must be installed in accordance with the latest version of BS7671: 2008. If in any doubt consult a qualified electrician

IPX4 SPLASH PROOF – All our mirrors, cabinets (fitted with a light) are splash proof and suitable for zone 2
Our sensor taps are also suitable for zone 2 provided they are installed in accordance with the above standard

Bathroom with bath

Bathroom with Shower Tray

Zone 0 is the smallest volume that contains the bathtub, shower basin, etc.
Zone 1 is the area above Zone 0, up to a height of 2.25 m above the floor.
Zone 2 is the area above Zone 1 up to a height of 3 m, as well as the area that is horizontally within 0.6 m from Zone 1.
If the space under the bath cannot be accessed without using a tool, then that space is considered un-zoned.
